# Summer '25 Bid

Happy Monday. I just wanted to give a shout out to those who put their names forth to be a part of the Summer 2025 Cycling Committee. The breakdown of the shifts are similar to the past bids with approximately half of the full time shifts being 4/3 and about a third 5/3. The rest are split between 5/2 and 4/4 and the team cycled them as fairly as possible.

The Union signed off on it on Thursday and the company has been putting the bid collateral together. Hopefully it will be out by the end of day today with Management promising it will be ready by Tuesday morning at the latest.

We will be using eBid again so remember to have your standing bids turned on. For those of you in the bottom 2/3 of the seniority list, I would not recommend putting your standing bids in too early, certainly not during the first day. If you do happen to forget turning on the standing bids, the system will take you before it moves on to the next person in line.

In solidarity,

Eric
