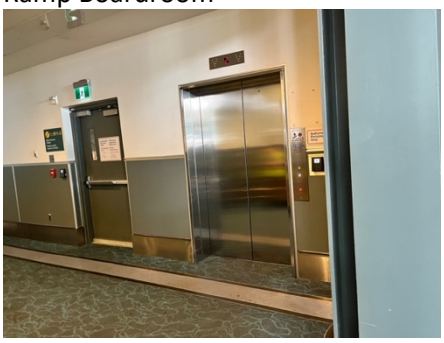
Directions to the Ramp offices.

Going forward, the time and attendance meetings will be held in one of two places. Either way, you will need your PPE, either your own or borrow them from Jazz gates.

1) Ramp Boardroom



Take the elevator by the washrooms at Gate 29 down to Level 2.

When you get off, the Ramp offices are directly opposite you. Turn to the left and go under the baggage belt.

If you proceed through the Ramp office you will be in the tunnel leading to your Union office and the Ramp Lunchroom.

2) Ramp ADL

There are three ways to get to the Ramp ADL.

a) Take the stairs near the Food Court and head towards STOC CONX. At the bottom of the stairs head towards the Tool Crib.

b) From Jazz, go outside and head towards the Tool Crib.

At the Tool Crib, turn left and go past the punch in clocks.

The ADL (Room B2346) is located just behind this bank of punch in clocks.

c) Alternative Route (Gate 30)

Go down the Airside stairs at Gate 30.

Head towards Gate 31 from the bottom of the stairs.

If you turn left once you are under the C-Pier, You will find the Unifor Office as well as the IAM office on your left. Proceed down this corridor. Stay on the left and go through a zigzagging corridor towards the Tool crib.

If you go right, you will go through the Ramp Lunchroom and ultimately to the Tool Crib.

If you had turned right in the corridor, back towards Gate 29, you will find Ramp Offices through the doors at the end of this corridor.
